

The Lazy Season

This is "the Lazy Season" when others are likely to get ahead of you in any of life's ambitions, if you give way to it. Perhaps you think "I will catch up when more stimulating weather comes." The difficulty is it kills to wipe out the distance gained over you. It is far better to keep up the fight and get Hood's Sarsaparilla to help you. It will sharpen your appetite, aid your digestion, vitalize and purify your blood, awaken your ambition, make you strong, overcome "That Tired Feeling" and the "Lazy Season," and others will wonder how it is that you forge ahead and win so easily.

We urge you to take Hood's Sarsaparilla, knowing that it is fair to expect that what it has done for others it will do for you, and doing this you will be added to that great multitude of friends of Hood's Sarsaparilla who are saying to their friends throughout the world that

BRYAN AT HANOVER.

Addressed a Large Audience of College Boys.

Hanover, April 27.—William J. Bryan spoke before an audience of Dartmouth students yesterday afternoon. It had been planned to have the meeting in the college campus but on account of rain it was necessary to abandon this plan and the meeting was held in the gymnasium.

Mr. Bryan urged the students to cultivate their oratorical powers and he pointed out as essential of success, ambition and faith. "Faith in one's self, in mankind, and in our form of government, which is the best on earth."

Mr. Bryan said that since he last addressed the Dartmouth students three years ago, he had visited many countries, but he had found no government better than this in form.

After luncheon at the College club, where he was entertained by the students, Mr. Bryan left at 2 o'clock for North Stratford, where he will speak tonight.

DENNETT TELLS STOLEN BONDS

Makes a Full Statement at Office of District Attorney

STORY OF A HUGE HAUL

Officers of the Trust Company of America Are Silent on the Report That Douglass Took \$400,000 in Bonds.

New York, April 27.—A complete exposure of the plan by which several thousand dollars worth of bonds were stolen from the Trust company of America, may be in the hands of the district attorney before night. Both W. O. Douglas, the assistant loan clerk for the trust company, who was arrested on a charge of stealing the bonds, and O. M. Dennett, a banker and broker, who was taken into custody in connection with the case, were examined at length by the district attorney today.

How much, if any, the officials succeeded in getting out of Douglas, is not known, but it was said that Dennett consented to make a clean breast of the whole affair. His statement was made to a stenographer and was said to be entirely voluntary.

WARSAW THREATENED BY EPIDEMIC OF TYPHOID

Outbreak in Prisons Overcrowded With Political Suspects.

Warsaw, Russian Poland, April 27.—The city of Warsaw is threatened with a serious epidemic of typhoid fever. The outbreak occurred in the overcrowded prisons, where thousands of political suspects have been shut up for months awaiting trial, under the most unsanitary conditions.

Typoid is now rapidly spreading throughout the city. More than two hundred cases have already been reported.

HICKS TRIES TO DIE.

Miner Who Was Buried Alive Attempts Suicide Twice.

Hend, Nev., April 27.—Lindsay B. Hicks, the miner who for seventeen days was buried in the Edison mine at Bakersfield, Cal., attempted suicide here yesterday by leaping in front of a switch engine. A bystander saved his life by throwing him from the tracks. Hicks waited until the locomotive backed down the track again, when he stepped on the track a second time. This time the locomotive struck him and knocked him off the track, but he was not seriously hurt.

TIMBER FAMINE THREATENED.

Our Consumption Four Times Our Production.

Washington, April 27.—The United States forest service has issued a circular saying that this country consumes every year more wood than all of its forests grow in the meantime and that if this is continued, the result will be a timber famine. A policy of Government control and regulation is recommended as a remedy. "The Pacific states, it says, will soon take the ascendancy in timber production."

BUFFALOES SOLD TO CANADA.

The Montana Herd of 400 Bring \$180,000.

Denver, Col., April 27.—A message was received here that the Pablo herd of Buffalo on the Flathead reservation, Montana, has been sold to the Canadian Government. The bulls will be removed to Canada about May 1 and the cows and calves will be sent north in July. There are between 400 and 500 buffaloes in the herd, which is the largest in the world. The price is said to be \$180,000.

TO TALK OVER MOYER CASE

Labor Men Would Confer With Roosevelt

NEW YORK MEETING

Severely Scores the President—Calls His Reply to Jaxon a Direct Insult—Says He Has Only a Rudimentary Sense of Justice.

Washington, April 27.—President Roosevelt will be asked to thrash over the Moyer-Haywood incident if the plans of local labor leaders closely affiliated with the American Federation of Labor are carried out. S. D. De Nedrey, secretary of the Central Labor union of the District of Columbia, said Thursday that a resolution would be presented and he believed unanimously adopted at the regular meeting next Monday night appointing a committee to seek an audience with the president to talk over his classification of the Idaho labor

WILLIAM D. HAYWOOD.

leaders, Moyer and Haywood, together with E. H. Harriman and E. V. Debs, as "undesirable citizens." The Central Labor union is composed of unions many of whose members are employed in the government service, so its course will be watched with great interest.

Resentment is expressed here at the conference which the president held with S. B. Hamar, chief conductor of the Order of Railway Conductors of West Virginia, and L. M. Graham, an attorney representing the railway conductors of that state. The president talked over with them his letter in reply to Honore Jaxon of the Cook county (Ill.) Moyer-Haywood conference. Messrs. Graham and Hamar were quoted as leaving the White House expressing satisfaction with the president's attitude. These close to the American Federation of Labor dislike the idea that these men should be put in the position of representing union labor. That is one reason why the Central Labor union of the District of Columbia now wishes to see the president.

The railway organizations are sometimes referred to as the "barbarians of labor." In certain labor quarters there was a disposition to suspect that the conference of the president with Messrs. Hamar and Graham was pre-arranged in order to make it seem that organized labor was with the president. A resolution will also be offered providing for a liberal contribution by the Central union to the Moyer-Haywood fund.

QUARREL OVER ROOSEVELT LETTER ENDS IN A TRAGEDY

Idaho Deputy Sheriff Shoots and Kills Ex-Policeman.

Wallace, Idaho, April 27.—A quarrel here Thursday night over President Roosevelt's letter on the undesirability of Moyer and Haywood as citizens had a fatal ending. William Quinn, a former policeman, and W. H. C. Jackson, a newspaper man, were concerned in the dispute. Jackson finally left, but returned with Deputy Sheriff C. C. Hicks. Hicks had words with Quinn and finally shot him in the stomach, inflicting wounds which caused death.

TO THROW JAXON OUT.

Chicago Federation of Labor Angry at Row He Caused.

Chicago, April 27.—Indignant because Honore Jaxon, a member of the Canvasers and Solicitors' union, was able to stir President Roosevelt to an expression of opinion with regard to the desirability of Haywood and Moyer as citizens, when it had failed to obtain any recognition by the president of telegrams,

TALES TOLD HERE.

Some remarkable stories are being told of this simple dose prescription curing rheumatism and kidney trouble, even after the most noted health resorts failed to give the slightest relief. Here is the prescription and directions for taking: Mix by shaking well in a bottle one-half ounce fluid extract dandelion, one ounce compound sarsaparilla, three ounces compound sarsaparilla. Take as a dose one teaspoonful after meals and at bedtime.

No change need be made in your usual diet, but drink plenty of good water. This mixture, writes one authority, has a peculiar tonic effect upon the kidneys; cleansing the clogged up pores of the eliminative tissues, forcing the kidneys to sit and strain from the blood the uric acid and other poisonous waste matter, overcoming rheumatism, bladder and urinary troubles in a short while. Every prescription pharmacy can supply the ingredients, which are easily mixed at home. There is no better blood-cleansing agent or system tonic known, and certainly none more harmless or simple to use.

resolutions and communications addressed to him with eloquence and fervor, the Chicago Federation of Labor, with 75,000 members, has determined to remove Jaxon and his fellow member, T. P. Quinn, from further opportunity and temptation to pernicious activity in union labor circles by expelling them

SINGLE HIT OFF DYGERT

And Boston Americans Lost to Philadelphia 1 to 0.

PRUITT ALSO DID WELL

The Pilgrims Played a Poor Fielding Game—Missed Third Strike by Armbruster—Led to His Team's Undoing.

Boston, April 27.—But for a lucky poke by Wagner the Boston team would have been shut out without a hit by Dygert yesterday. Wagner's two-sacker didn't amount to anything, however, as after being sacrificed to third he refused to try for home on a passed ball. The net two runners went out, and thus Boston's best chance to score went by. Philadelphia won by the score of 1 to 0.

Bruitt also pitched good ball for Boston, allowing but three hits, all of which were scattered. The winning run was more or less lucky. It came in the seventh. With one down, Seybold got first on a missed third strike and Davis got a pass. Wagner disposed of Murphy, but threw wild on Nichols. Seybold going home. After Nichols had stolen second Lord fouled out.

The score by innings:

	1	2	3	4	5	6	7	8	9
Philadelphia	0	0	0	0	0	1	0	0	0
Boston	0	0	0	0	0	0	0	0	0

Summary—Hits, off Dygert 1, off Pruitt 3; two base hits, Davis and Wagner struck out by Dygert 4, by Pruitt 1; bases on balls, off Pruitt 1, hit by pitched ball, by Dygert 1; passed ball, Armbruster.

"SPIT BALLS" WON.

Defeated Montpelier Seminary Thursday—Score 7 to 5.

An aggregation known as the "Spit Ball" nine went to Montpelier Thursday afternoon and defeated the Montpelier seminary team 7 to 5, in a very interesting game of base ball. Annas of the "Spit Ball" team did the twirling, allowing but four hits and striking out nine.

The "Spit Ball" team say that they have the best team in the city this season. This is the team that defeated the I. A. C. last season and intend to do the same this season. The team is made up of the following players: Dwyer, C. Tierney and Annas, p. Bob Wright, Wm. Robertson, 2b, Wm. Douglas, 3b, Joe Dunbruskie, ss, A. McKenzie, lf, R. Johnston cf, John Dunbruskie rf, Dan Keefe, manager.

Drown Has it

COMMON SENSE

Lead most intelligent people to use only medicines of proven composition. Therefore it is that Dr. Pierce's medicines, the makers of which paid every ingredient entering into them upon the bottle wrapper and attested its correctness under oath, are daily growing in favor. The composition of Dr. Pierce's medicines is open for inspection. Dr. Pierce being desirous of having the search light of investigation thrown upon his formula, being confident that the latter the composition of these medicines is known the more will their great curative merits be recognized. Being wholly made of the active medicinal principles extracted from native forest roots, by exact processes original with Dr. Pierce, and without the use of a drop of alcohol, triple-refined and chemically pure glycerine being used instead in extracting and preserving the curative virtues residing in the roots employed, your medicines are entirely free from the objection of doing harm by creating an appetite for either alcoholic beverages or habit-forming drugs. Examine the formula on their bottle wrappers—the same as sworn to by Dr. Pierce, and you will find that his "Golden Medical Discovery" is an open blood-purifier, stomach tonic and bowel regulator—the medicine which, while not recommended to cure consumption in its advanced stages (no medicine will do that) yet does cure all those catarrhal conditions of head and throat, weak stomach, torpid liver and bronchial troubles, weak lungs and hang-on-coughs, which, if neglected or badly treated lead up to and finally terminate in consumption.

Take the "Golden Medical Discovery" in time and it is not likely to disappoint you if only you give it a thorough and fair trial. Don't expect miracles. It won't do supernatural things. You must expect your medicines to be as good as the use for a reasonable length of time to get its full benefits. The ingredients of which Dr. Pierce's medicines are composed have the unqualified endorsement of scores of medical leaders—better than any amount of lay, or non-professional, testimonials. They are not given away to test experiments with, but are sold by dealers in medicines at reasonable prices.

PRESIDENT GETS CREDIT FOR NICARAGUA-SALVADOR PACT.

Zelaya Cables Roosevelt to Thank Him For His Assistance.

Washington, April 27.—To President Roosevelt has been given the credit for materially assisting in bringing about the signing of the treaty of amity between Nicaragua and Salvador, as shown by the following cablegram to him by President Zelaya of Nicaragua, received here today:

"Please signed day before yesterday, Amapala. I thank your excellency for your great work toward achieving that happy result."
